TOGETHER INFORMATION

CONNECT. INTEGRATE. SIMPLIFY.

Technology for every office, delivering advanced functionality, ease of use and peace of mind.

Every industry has unique workflow needs. Toshiba has developed customisable MFPs to make your job easier. Intuitive and smartly integrated, our products simplify complex tasks and give you control while providing the reliability Toshiba is known for.

Toshiba's latest series delivers on our promise of Together Information – our commitment to collaborate with clients in order to provide tailored, cost-effective solutions to meet specific print, document management and content needs while helping you to meet your green objectives.

Produce more with less effort.

The Toshiba e-STUDIO2508A is designed to put a fast, efficient, secure MFP in the hands of small and medium workgroups. Not only is it reliable, it also produces high-quality type and images.

> Advanced Toshiba e-BRIDGE Next controller technology combined with an impressive resolution of up to 1,200 x 1,200 dpi
> A time-saving, high-speed, large-capacity 300-sheet optional Dual Scan Document Feeder
> The same power and performance typically enjoyed only by larger businesses is now available for smaller groups and companies. After all, size does not have to limit capability, nor production, especially thanks to Toshiba's e-STUDIO2508A.

Simple, smart and stylish.

A new 22.9 cm (9") tablet-style touch screen with an embedded web browser is easy to use and customisable to meet your needs. And, it is part of the bold new look being introduced across the e-STUDIO series.

TOSHIBA TECHNOLOGY AT WORK FOR YOU.

At Toshiba, we work hard to make your work easier, and more productive. In fact, we haven't even mentioned all of our impressive features, like PCL 6, PS3, XPS support and universal drivers that offer connectivity to Windows, Mac and more. Then there are driver plug-ins such as Job Point that splits large jobs over multiple machines, Job Replicator for multi-part form replacement, Job Separator for batch printing with any Windows app, and Job Build to print different documents together as a single job.

Security for Your Business

We're constantly looking for new ways to make your work, and ours, safer, and more secure.

> The self-encrypting Toshiba Secure HDD provides top level security
> By adding optional security functions the systems become compliant with IEEE2600.1 and meet the EAL3 Common Criteria requirements.
> IPsec is available to securely encrypt data sent to and from the MFP

Responsibility for the Planet

Innovation that is truly innovative makes certain that our environment is part of the equation, which is precisely why we're always looking for ways to be even more environmentally responsible.

> RoHS compliant; use of recycled plastics and a low-power Super Sleep Mode to save resources
> Being ENERGY STAR Tier 2 compliant means the systems meet the latest, most stringent environmental requirements

A COMPACT DESIGN
WITH EVERYTHING INSIDE

Teams and divisions in any business need to get a lot more done often using fewer resources and minimal space. That's the thinking behind the e-STUDIO2508A, too. Plenty of functions, lots of capacity, and a small footprint with a fresh, new look.

First Copy Output Time clocks in at amazing 4.3 seconds for this model.

Multi Station Print Solution (optional) allows you to to send print jobs from your desktop and retrieve them at any convenient MFP by authenticating at that device, e.g. by simply swiping your badge.

Print Around eliminates printing bottlenecks by allowing other print jobs to go around one job that's held-up due to requiring a specific paper size or type.

Job Reservation will queue up multiple copy or print jobs so users can send jobs whenever.

Saddle/Fold Capabilities (optional) offer saddle-stitch finishing and the ability to fold without stapling.

Scan-to and Print-from USB lets you print straight from your USB drive or scan documents to it.

Embedded Apps (optional) let you send your documents directly to or print from Microsoft OneDrive, Google Drive and Dropbox via optional e-BRIDGE Plus connectors.

Customisable User Interface for an all new user experience. You decide what's best for you. A new tiltable, touch swipe 22.9 cm (9") colour panel works like a tablet or smartphone interface so you can find whatever you need by just swiping your finger. Plus, you can customise it to suit your individual needs.

A large touch screen is your gate to document handling which has never been easier. Size and order of icons as well as the background image can be customised. Enjoy the unique experience of working with a system that understands what you want.
Customised to display up to 18 icons per page and with a different background

Display icons as buttons to easily access functions or start workflows.

HIGHLIGHTS

Advanced e-BRIDGE Next Technology
The next-generation e-BRIDGE architecture features an embedded web browser, enabling the MFP to easily drive Toshiba's internally developed solutions or even third-party applications.

Double the Scan Speed
Choose between a 300-sheet high-speed Dual Scan Document Feeder, which produces up to 120 ipm simplex and 240 ipm duplex, and a conventional Reversing Automatic Document Feeder for less scan-intensive businesses.

Card Readers
A choice of optional card readers not only gives you fast and convenient access to your print jobs but also increases data security.
