Cloud Fax Services

- > An online fax service that is fully integrated with Toshiba e-STUDIO multi-function devices
- > Data sovereignty is a standard inclusion with on-shore routing, all information is stored within Australia and complies with the Privacy Act and Australian Privacy Principle.
- > Keep your confidential faxes from sitting on a communal fax machine
- > The perfect way to replace your old and expensive fax machine, without the need for a dedicated fax line
- > All databases and infrastructure are located within Australia and government approved secure co-locations.
- > AUSTRALIA'S #1 choice for true business grade online fax services

Kōdo® Cloud Fax is a fast, reliable, cost-effective and easy-to-use fax solution that is scalable to meet any requirement or size of business.

Our fax solution can help your business to reduce cost by removing the need for a dedicated fax hardware and line rental.

For large businesses with multiple sites, it is a cost effective way to consolidate and simplify the management of fax in your business.

# WHAT IS KŌDO? CLOUD FAX?

Our cloud fax service is Australia's #1 choice for businesses who need to send and receive faxes online, via email, the internet and mobile, with the highest possible security and privacy.

## Fax services include:

### Fax direct from your MFP

Kōdo Cloud Fax allows you to send faxes directly from the panel of your Toshiba multi-function device. Just like sending a traditional fax, the user can enter a fax number or select from the address book, choose to have a cover page and select the level of quality fax.

### Email to Fax

The Kōdo Cloud Fax Email to Fax service allows you to send faxes directly from your email - no installs, no contracts, start faxing by email in minutes! Save on all of the expenses associated with maintaining a traditional fax machine and switch to the Kōdo Cloud Fax Email to Fax send service.

### Fax to Email

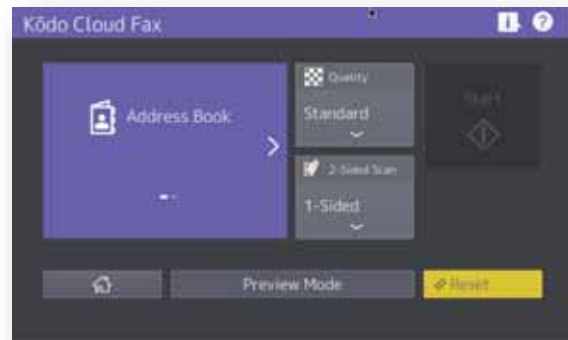

The Kōdo Cloud Fax to Email service allows you to receive faxes directly via a virtual fax number into email. Our user-friendly online service will give you peace of mind knowing all faxes will be delivered directly to your email inbox- never miss a fax again.

### Fax Number Porting

You may be able to port or transfer your existing fax number service to Kōdo Cloud Fax, allowing you to receive faxes to email. By porting an existing fax number you will save on fax line rental and associated fax receiving costs, and importantly never miss a fax again!

### Secure Online Fax

When the transmission of fax communication requires the strictest of information privacy and data security, Kōdo Cloud Fax provides a range of solutions to secure online faxes. With the highest of encryption standards, SSL web service, and rigorous security features, the Kōdo Secure Fax service can support any organisation in meeting its privacy standards and regulations.

### Cloud Fax Services

The Kōdo Cloud Fax online fax service offers an enterprise grade cloud faxing service, no need for a fax server, hardware or faxing software. Kodo Cloud Fax services provide a cloud based hosted fax solution delivering outstanding reliability, leading infrastructure and the highest security for your online fax delivery.
