

TOSHIBA

Kōdo® Business Suite

Kōdo® Digital Safe

Powered by ELO

Kōdo Digital Safe is our flagship product that help organisations with transforming their business into a digital enabled world.

Document Compliance

Third-party integration

Google-like search

Track and trace

Document Compliance protects sensitive data and ensures employees can only access information and perform actions they need to do their jobs

Third-party integration connects you to Sharepoint, MS Office, Salesforce and much more, helping staff find documents easily and quickly

Google-like search provides powerful and familiar search functions that your staff is familiar with

Track and trace allows you to quickly see the full list of people who accessed the documents, so you can investigate and find out who they are being shared by

KEY FEATURES

Intelligent Inbox – digitising and classifying your incoming documents enables automation no matter the format or channel

iSearch – multiple ways of searching with metadata, hierarchical filing structure or full text search

Security - keep secure with information that can only be seen and managed by the right people including personal data privacy

TOSHIBA

Kōdo 
Digital Safe
Powered by ELO

Contact your local Toshiba office to see how Kōdo Digital Safe and the rest of Kōdo Business Suite can help your business.

Together Information is Toshiba' s vision for how people and organisations create, record, share, manage and display ideas and data.

It is based on our belief that the most successful organisations are those that communicate information in the most efficient way.

We make that possible through an integrated portfolio of industry-specific solutions, all of which reflect Toshiba' s commitment to the future of the planet.
