TOSHIBA

Exceed expectations in powerful ways.

The e-STUDIO257 series from Toshiba has been designed to bring small and medium workgroups the same power and performance typically reserved for larger businesses. It's easy to use, allowing you to create professional looking documents without extensive training or experience.

Expand your possibilities.

Toshiba has taken the performance and functionality of larger monochrome MFPs and designed a smaller, more compact version. Introducing the e-STUDIO257 series. In addition to copying, faxing, printing and colour scanning, it handles even the most challenging jobs quickly and easily. You'll be impressed with handy features like a walk-up USB printing port and a crisp 9" colour touch screen that gives you instant access to all sorts of other possibilities.

Get more done in less time with advantages like USB printing and paper that can be added midstream.

Less work and more flow.

Start with a 20-second warm-up and a first copy out time of 4.7 seconds. Output is produced at the speed that fits your needs – up to 25 pages per minute. Image quality is outstanding at 2,400 x 600 dpi. Need a lot of copies? You can opt for up to a 3,200-sheet capacity. And, its modular design allows you to get the most paper in the sizes you need, with a tandem LCF or 4-drawer configuration.

e-STUDIO™257

It's the business of helping businesses.

At Toshiba, we realize the challenges that businesses face every day. The new e-STUDIO257 series is the perfect solution for small to medium size businesses looking for a high quality, fully functional MFP to help them meet those challenges.

Relax and let technology handle it.

Because the e-STUDIO257 series has incorporated the latest e-BRIDGE technology, business applications and vendor solutions are easily integrated. With 320GB of safe and secure storage, frequently used documents can be stored right on the MFP by using the convenient e-Filing feature and then printed as needed. Settings such as finishing selections can be saved with a job or changed on the fly to ensure accurate reproduction every time.

User friendly and eager to please.

The e-STUDIO257 series can handle jobs with ease, even large volumes of various types of documents. Take advantage of rugged volume performance and a high yield toner. Also, there are several finisher options including a space saving 50-Sheet Inner Finisher or a Saddle-Stitch Finisher, plus 2/3-Hole Punch. You'll be impressed from start to finish.

Small and compact yet feature rich.

The Toshiba e-STUDIO257 series has features and benefits galore. You'll be impressed to find so much in such a compact footprint.

Efficient printing
Choose your speed at 20, 25, or 30 pages per minute. Also, first copy out times are as fast as 4.7 seconds.

Broad paper handling
Use up to a 3,200-sheet paper capacity and up to 110 lb index. You can select from a variety of paper sizes with 4 drawers or a tandem LCF.

Ease of use
A large 9" tilting touch panel is easy to read and use. A context sensitive help button that will provide you with whatever instructions you might need. Scanning or printing can be done on the go using a convenient USB port.

Reliability
Take advantage of rugged performance and a high yield toner that can be changed on the fly. A compact service module design allows for surprisingly faster and easier periodic maintenance.

Connectivity and functionality
PCL6, PostScript3, and XPS as well as an Australian designed Universal Printer Driver means you only need one driver across your entire fleet.

Innovative technology
Gigabit Ethernet support, e-filing for frequently reprinted jobs and an automatic OCR option for expert scanning are just a few of our leading innovations.

Latest e-BRIDGE platform
Toshiba's proprietary platform improves connectivity, security and fleet management. Take advantage of access to third-party solutions like PaperCut and more.

Advanced finishing options
There is a convenient space saving 50-Sheet Inner Finisher, Saddle-Stitch Finisher and a 2/3-Hole Punch.

Expert security
A 320GB Self-Encrypting Drive (SED) with Automatic Data Invalidation and Data Overwrite come standard. Also, an IPsec option encrypts data, and Hard Copy Security prevents the copying of sensitive documents.

Environmentally responsible
The e-STUDIO257 series is RoHS Compliant, Energy Star Tier 2 rated and EPEAT Registered (as part of the definitive global registry for greener electronics).

e-STUDIO™257

Protection for your business and the planet.

As the need for tougher data security and improved environmental protection continue to increase, Toshiba is prepared to answer the call. Much of our R&D is spent in these areas. That's because your concerns are our concerns.

Data security and peace of mind.

Protecting your data means you're protecting your entire business. Fortunately, the e-STUDIO257 series has been designed to preserve the integrity and confidentiality of all your data. A new 320GB Self-Encrypting Drive (SED) with Data Overwrite are standard. An IPsec option to encrypt data being sent to or from the MFP, and Hard Copy Security are also available to keep your data right where it belongs.

Eco-consciousness.

At Toshiba, we realise we're responsible for helping our planet thrive. Whether it's our products, our company, or worthwhile environmental projects in your communities, we put green into action. The Toshiba e-STUDIO257 series has a low power sleep mode that meets the stringent requirements of Energy Star Tier 2. It is also RoHS compliant, and uses recycled plastics. Because of this and other eco-friendly features, the Toshiba e-STUDIO257 series is EPEAT Registered in the greener electronics global registry developed to help purchasers choose products that reduce environmental impact. Together we can reduce, reuse and recycle in meaningful ways.

There's a configuration that is just right for every business need. And all of them are secure and EPEAT Registered.
